CURRICULUM

CORE LESSONS™ MS and HS SEL CURRICULUM

Middle and High School, experience-based, Social-Emotional Learning (SEL) Curriculum to equip students with the skills to thrive in the classroom and beyond.

STAFF DEVELOPMENT

ON-DEMAND STAFF TRAINING

Convenient on-demand video-based training for educators to build social and emotional competencies and learn best practices for facilitating the **CORE LESSONS** Curriculum.

IN-PERSON STAFF TRAINING

Interactive and inspiring one-day training for staff to build social and emotional competencies, connect as a staff, and become empowered to facilitate **CORE LESSONS** Curriculum.

STUDENT EXPERIENCES

STUDENT LEADER TRAINING

A dynamic student training to ignite positive peer support and influence on your campus.

CORE DAY EXPERIENCE

A powerful assembly experience that increases respect, compassion, and understanding throughout the student body.

WHAT EDUCATORS ARE SAYING

“Every staff would benefit from The Core Project Professional Development. This was an AMAZING experience and the best beginning of the year professional development we have had in my 8 years here at Lakeland. I can’t wait for Greg to come back to BKE and show us more ways to connect to our students.”

Teacher, Betty Kiefer Elementary

“I just want to reach out and let you know that the Core Project was a huge success this year! I’ve never seen a building run so quickly with a new curriculum. What you have put together was easy for teachers to implement and powerful for students!”

Principal, South Hills Middle School, Twin Falls, ID

“The Core Project has been the missing link to help us enhance our ability to reach students. We have ‘Core Day’ every week, and the lessons have provided staff with the means to connect more fully and deeply with students. Students have become more receptive to each other and learning. The increase in our semester grades is evidence! Students are kinder and more stable, and it has made a huge difference in our school culture. It has become a permanent fixture in our school.”

Superintendent-Principal, Clark County School District

Greg Sommers is an extraordinary presenter! His enthusiasm, humor, and energy spreads throughout the group as he facilitates involvement from every single person. His vast experience in education and his expertise relating to current-day social/emotional and behavioral student challenges empowers his crowd and fosters enlightened insight.

Educator, Freeman School District, Feeman, WA
